#### **Preface**

### **Before You Begin This Course**

Before you begin this course, you should have thorough knowledge of SQL, SQL\*Plus, and working experience developing applications with PL/SQL. Required prerequisites are *Oracle Database 10g: Develop PL/SQL Program Units* or *Oracle Database 10g: Program with PL/SQL*.

#### **How This Course Is Organized**

*Oracle Database 10g: Advanced PL/SQL* is an instructor-led course featuring lectures and hands-on exercises. Online demonstrations and practice sessions reinforce the concepts and skills introduced.
